## CQC Validation

- ---- With Taruna Chauhan, CQC Standards Expert
  - TChauhan Consultancy

- Carrying on a regulated activity without CQC validation means you are trading illegally
- CQC can prosecute for breach of this.
- CQC will ask you to stop the activity and do an application. A rushed application can mean mistakes, do you think doing it in your time would be better?

- Have your supporting documents ready these include policies for health and safety, Consent, Medicines management and prescribing policy Equality policy how you will meet accessible information standard
- Circa 20 policies including a training matrix

#### **SCREW** the KLOE

- Safe
- Caring
- Responsive
- Effective
- Well Led
